

Frozen Egg Products

Rembrandt Foods®

Frozen Egg Products

Rembrandt Foods® uses only the freshest eggs to manufacture our products. We have a large selection of frozen egg products to meet your needs. Our frozen egg products have an increased shelf life compared to liquid egg products – allowing for minimal waste. With a variety of packaging options frozen egg products are convenient and easy to use. Our frozen products have a wide range from whole eggs to scrambled egg mixes – with no/reduced cholesterol, whites and yolk options.

Shell to Frozen Conversion Chart:

Whole Egg: 3 Tbsp = 1 large shell egg, 1 cup = 5 large shell eggs, 1 lb = 9 large shell eggs

Yolk: 1 Tbsp = 1 large shell egg yolk, 1 cup = 11 large shell egg yolks, 1 lb = 22 large shell egg yolks

White: 2 Tbsp = 1 large shell egg white, 1 cup = 7 large shell egg whites, 1 lb = 14 large shell egg whites

*Conversions using a large egg with a weight of 50.4g

Frozen Egg Storage & Shelf Life: 1 year from the date of manufacture when kept frozen. Prior to use, the product should be thawed for 2-3 days at refrigeration (34 - 40°F). Once thawed, the product shall be used within 3 to 5 days. Store unused portions in refrigeration at 34 - 40°F. Improper storage and/or thawing can jeopardize the integrity of the product. Do not thaw and re-freeze.

Rembrandt Foods® recognizes the contribution that our laying flocks play in feeding millions of people around the world. We are committed to the humane and ethical treatment of our hens. Rembrandt Foods® is proud to offer a continually growing product line of cage-free and organic eggs that are certified by leading organizations. Please work with a sales representative on finding the product that best matches your needs.
